

ARTICULATION AGREEMENT: PSYCHOLOGY BETWEEN DAWSON COMMUNITY COLLEGE AND THE UNIVERSITY OF PROVIDENCE

OVERVIEW:

This formal program articulation agreement is made and entered into by Dawson Community College, hereinafter referred to as DCC, and the University of Providence, hereinafter referred to as UP. By this agreement DCC and UP express a shared commitment to increasing opportunities for student access to and success in higher education.

PURPOSE:

This agreement provides DCC students who have completed the **Associate of Science** degree with articulated coursework in Psychology the opportunity to complete a **Bachelor of Arts in Psychology** degree at UP. Any DCC student who has earned an Associate of Science degree with coursework that adheres to the guidelines within this agreement is guaranteed that UP will accept designated major related credits and that all general education credits will apply to the Bachelor of Arts in Psychology degree in a manner consistent with the treatment of native UP students.

CONDITIONS OF TRANSFER:

Section I: Admissions and Matriculation

DCC students maintaining continuous enrollment under this agreement will be afforded the same treatment and protection as native UP students enrolled under a specific catalog.

Criteria for acceptance into UP will be the same for transfer as for native students.

DCC, upon request of students, will provide verification of completed courses to UP through its Office of Admissions and Records. The transcript of students transferring from DCC will be evaluated by the Registrar's Office at UP.

Transfer students from DCC will have access to financial aid, scholarships, and student services on the same basis as native students.

UP will apply the same academic progress and graduation standards to DCC transfer students as those applicable to native students at UP.

Section II: Transfer of Credit

A maximum of 60 semester hours will be accepted by UP from DCC to be applied to the Bachelor of Arts in Psychology degree as outlined in this agreement.

Section III: Program Plan

While a course-by-course equivalence was used in the development of this plan, this agreement presumes that, other than courses noted on the attached course crosswalk, the general education core requirements at DCC meet general education requirements at UP. Students falling under this

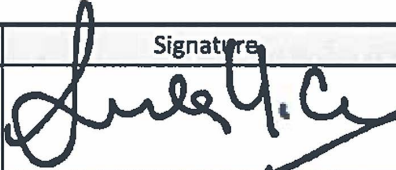

program articulation agreement will be responsible for successfully completing the additional prescribed requirements to complete the University Core curriculum at UP.

TERMS of AGREEMENT:

This agreement is made and entered into in the academic year 2021-2022 and remains in force unless changed in writing by mutual agreement to both parties. The agreement may be amended at any time with the approval of both parties and is subject to annual review to assure currency with the respective degree requirements. Should either party desire to discontinue this agreement, advance notification of one year will be required.

SIGNATURES:

Dawson Community College and the University of Providence hereby enter into this program articulation agreement leading from the Associate of Science degree with articulated coursework in Psychology to the Bachelor of Arts in Psychology degree by the affixing of signatures of the chief executive officers of both institutions.
